Engineering Office of Research

What do past Collins Scholars say about the program?

"I learned many things about the university I wouldn't have otherwise and got a better feel for the community and how it works. Every talk provided a different perspective."

1:30-3:00

Coffee Break

Juxtaposition activity (in pairs)

Share individual research area—find possible collaboration idea!

"Being put in touch with a community of young faculty, and a larger community that values teaching. The weekly lunches were an important signal that the College values teaching, and a bit of a break from some of the isolation that can come with being a new faculty member."

3:00-3:40

Panel of engineering undergraduate students talking about teaching. Time for Q&A too!

3:40-4:00

Introduction of AE3 Education Innovation Fellows (EIFs)

"AE3 has given me angles to reflect on my teaching and evaluate it objectively so that I can actually improve and gauge student learning quickly and accurately."

4:00-5:00

Reception with light food and drinks

Collins Scholars and families

AE3 friends and affiliates

College administrators
